

Bed sizes vary around the world. This chart will help you select the bed canopy/mosquito net that is right for you.

Our quality mosquito nets and bed canopies are designed to fit right around the mattress and bed frame, there is nothing worse than waking up being smothered by netting, so our nets are generously designed to cover your bed.

Four poster bed frames need to be measured to ensure you buy the correct bed canopy. Remember that it's better to order your canopy a little larger than smaller as excess fabric can be gathered into the corners.

Please telephone or email us should you have any questions. sales@mosquitonets.com

THE FOLLOWING DIMENSIONS ARE STANDARD MATTRESS SIZES.

When ordering a mosquito net bed canopy remember to allow for the bed frame as well as the mattress. Our sizes are designed to fit over most beds in most situations in most parts of the world!
